Benefits Verification Checklist

Once a physician has made the decision to treat a patient with KRESLADI™, it is important to conduct a benefits verification with the patient's health plan. Coverage and reimbursement for KRESLADI may vary based on payer-specific requirements.

Confirming the health plan's requirements, including coding specifics, coverage details, and the patient's financial responsibility, may help streamline the access and reimbursement process for KRESLADI.

A Rocket Pharma Cares™ Case Navigator can help conduct the benefits verification and provide a detailed Benefits Summary Report that includes plan-specific coverage and out-of-pocket (OOP) costs.

Contact Rocket Pharma Cares by phone at 844-725-8227 or email at support@rocketpharmacares.com.

Step 1: Ensure the patient is enrolled in Rocket Pharma Cares

Confirm that the patient (or authorized representative) is enrolled in Rocket Pharma Cares.

- If the patient is not enrolled, please contact a Qualified Treatment Center to initiate the process

Step 2: Collect the patient insurance information

- Name and birth date of insured
- Member and group number
- Type of plan (eg, HMO, PPO, POS, EPO, Medicaid)
- Secondary or tertiary health plan information

Step 3: Contact the health plan

Coverage

- Confirm that the patient's plan is active
- Determine whether a coordination of benefits is needed
- For a prior authorization (PA):
  - Confirm the PA requirements
  - Confirm where the PA Form can be found
  - Determine the process for submitting a PA (ie, phone, fax, email)
- Identify if there is an appeals process

EPO=exclusive provider organization; HMO=health maintenance organization; POS=point of service; PPO=preferred provider organization.

Benefits Investigation Considerations

This resource is provided for informational purposes only. The health plan determines its own coverage policy. Coverage may be granted on a case-by-case basis while the plan evaluates policy. During this period, providers may need to fulfill additional requirements, such as precertification/PA or medical exceptions, to secure coverage for KRESLADI and its administration. Be sure to check with the specific plan for specific policy requirements.
