rocket pharma CARES™

Ordering and Distribution Process Overview

KRESLADI™ is made from each patient's own cells. Every order is patient-specific: there is no stock inventory. The order sets a manufacturing slot and the delivery date. Enroll your patient for treatment and complete the required consent forms, in accordance with your agreement with Rocket Pharmaceuticals and the Guide for Patient Treatment Enrollment and Ordering. Your patient will be issued a Patient ID.

Rocket Pharma Cares™ provides insurance and coverage support, financial assistance, and travel support to the patient and family. Refer patients to Rocket Pharma Cares at any point; it is not a step in the ordering process.

Buy and Bill — Ordering Through CuraScript SD, the Specialty Distributor for Rocket

1. Place a Distributor Purchase Order with CuraScript SD using CSD Order Form.

Email
RareCSDCS@express-scripts.com

2. Rocket and your center schedule cell collection, the manufacturing slot and an estimated delivery date. Product is delivered no more than 14 days before administration.
3. Rocket delivers the Product to the Destination named in your agreement. The shipping address and any initial check-in location are not the Destination.
4. Perform the incoming receipt and inspection under the Guide for Drug Product Receipt and Storage. Inspection covers external packaging, shipping documentation, chain-of-custody verification and in-transit tracking data. It does not include inspecting frozen Product or unwrapping bulk packaging.
5. On acceptance you will receive the In Good Condition Notice. Do not initiate patient conditioning before you receive it.
6. CuraScript SD invoices your center. No invoice is issued before acceptance.

2. Accredo verifies benefits and coordinates coverage for the patient.
3. Rocket and your center schedule cell collection, the manufacturing slot and an estimated delivery date. Product is delivered no more than 14 days before administration.
4. KRESLADI is dispensed for the named patient and delivered to your center for administration.
5. Confirm receipt under the Guide for Drug Product Receipt and Storage. Do not initiate patient conditioning before Rocket confirms the Product is in good condition.
6. Notify Accredo when administration is complete.

Do not administer the product and do not initiate conditioning. Notify Rocket Pharmaceuticals at customersupport@rocketpharma.com. The Product is held in quarantine and returned or destroyed on Rocket's instruction, under the Rocket Returned Goods Policy. Product rejected before it is accepted is not invoiced.
